

## SAFETY DATA SHEET

CLP: REACH Regulation (EU) 2020/878

Printed on 22 Jul 2026

Code Number

DEV-52995

Version 14 Revised 16/04/2025 13:59:32

### Section 1: Identification of the substance / mixture and of the company / undertaking

#### 1.1 Product Identifier

Product Name MARSHMALLOW FRAGRANCE

Code Number DEV-52995

Alternative Name

REACH Registration Number Not registered

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Concentrated material for manufacturing purposes only

#### 1.3 Details of the supplier of the safety data sheet

Essican Purelife  
Unit 2A Hollow Wood Road  
Dover  
Kent  
CT17 0UB

Telephone Number 01304 273111

Email Address sales@purelifeuk.co.uk

#### 1.4 Emergency Telephone Number

01304 273111

### Section 2: Hazard Identification

#### 2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

Skin. Irrit. 2;H315

Skin Sens. 1B;H317

Eye Irrit. 2;H319

Aquatic Chronic 3;H412

Refer to section 16 for the wording of listed classification and hazard statement codes

#### 2.2 Label elements

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

Hazard Statements

- |      |                                                   |
|------|---------------------------------------------------|
| H315 | Causes skin irritation                            |
| H317 | May cause an allergic skin reaction               |
| H319 | Causes serious eye irritation                     |
| H412 | Harmful to aquatic life with long lasting effects |

Precautionary Statements

- |           |                                                                                                |
|-----------|------------------------------------------------------------------------------------------------|
| P273      | Avoid release to the environment.                                                              |
| P280      | Wear protective gloves and eye protection                                                      |
| P302+P352 | IF ON SKIN: Wash with plenty of water.                                                         |
| P333+P313 | If skin irritation or rash occurs: Get medical advice.                                         |
| P337+P313 | If eye irritation persists: Get medical attention.                                             |
| P501      | Dispose of contents/container to approved disposal site, in accordance with local regulations. |

### 2.3 Other Hazards

Contains Benzyl Benzoate and Tetramethyl acetyloctahydronaphthalenes which may produce an allergic reaction

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

No further information available at this time

## Section 3: Composition / information on ingredients

Any percentage values listed here for hazardous components are for illustrative purposes only

### 3.2 Mixtures

Complex mixture of fragrance ingredients

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. Refer to section 16 for the wording of listed classification and hazard statement codes

## Section 4: First Aid measures

Take phrases in section 2 into account

### 4.1 Description of first aid measures

After inhalation

Remove from the exposure area to fresh air. Contact a doctor if necessary.

After skin contact

Remove contaminated clothing. Wash thoroughly with soap and water. Seek medical advice if irritation persists or there is any sign of tissue damage.

After eye contact

Flush with plenty of water and seek medical advice if necessary.

After ingestion

Wash mouth with plenty of water and obtain medical advice immediately.

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

## SAFETY DATA SHEET

CLP: REACH Regulation (EU) 2020/878

Printed on 22 Jul 2026

Code Number

DEV-52995

Version 14 Revised 16/04/2025 13:59:32

#### 4.2 Most important symptoms and effects, both acute and delayed

No further information available at this time

#### 4.3 Indication of immediate medical attention and special treatment needed

No further information available at this time

### Section 5: Fire-fighting measures

#### 5.1 Extinguishing Media

Carbon dioxide, foam or dry powder.  
DO NOT USE A DIRECT WATER JET.

#### 5.2 Special hazards arising from the substance or mixture

May produce Carbon dioxide and unidentified organic compounds.

#### 5.3 Advice for fire-fighters

Wear protective clothing and avoid inhalation of vapours. Keep containers cool with water spray

### Section 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Remove all sources of ignition.  
Avoid inhalation, skin and eye contact.  
Ensure proper ventilation.

#### 6.2 Environmental precautions

Do not discharge directly into drains or the soil. Keep away from surface and ground water

#### 6.3 Methods and material for containment and cleaning up

Soak up spillage with sand or other inert absorbant material such as earth or vemiculite; transfer used material to a suitable waste container and dispose in accordance with regulations.

#### 6.4 Reference to other sections

Refer to information in Sections 7, 8 and 13

### Section 7: Handling and storage

#### 7.1 Precautions for safe handling

Maintain good occupational and personal hygiene. Avoid inhalation and contact with skin and eyes.

#### 7.2 Conditions for safe storage, including any incompatibilities

Store in tightly sealed original containers away from ignition sources and in a cool place.

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

### 7.3 Specific end uses

No further information available

## Section 8: Exposure controls / personal protection

### 8.1 Control Parameters

Occupational exposure limits:

UK / WEL

(Workplace exposure limits, EH40/2005, 2020)

| CAS     | Long-term<br>(8hr TWA)<br>mg/m3 | Long-term<br>(8hr TWA)<br>ppm | Short-term<br>(15min)<br>mg/m3 | Short-term<br>(15min)<br>ppm | Notes |
|---------|---------------------------------|-------------------------------|--------------------------------|------------------------------|-------|
| 84-66-2 |                                 | 5                             |                                | 10                           |       |
| 57-55-6 |                                 | 10                            |                                |                              |       |

No information

### 8.2 Exposure controls

Engineering controls

No information

Individual protection measures

Refer to Section 5 for specific fire / chemical personal protective equipment advice.  
Always wash routinely before breaks, meals and at the end of the work period.

Eye / face protection

Wear safety goggles.

Hand protection

Wear chemically resistant disposable gloves.

Other skin protection

Wear overalls. Always wash routinely before breaks, meals and at the end of the work period.

Respiratory protection

Not generally required. Use inhalation protection in poorly ventilated areas

Thermal hazards

No information

Environmental exposure controls

No information

The information contained herein is true and accurate to the best of our knowledge. All information is valid until revisions are issued. However, the accuracy of this information cannot be guaranteed by the company as the data has been obtained from different sources. We will not, therefore, accept liability for misuse of this data resulting in damage or loss.

### Section 9: Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

Flash Point (°C) Above 61  
Physical state Liquid

#### 9.2 Other information

Information with regard to physical hazard classes  
No further information available  
Other safety characteristics  
No further information available

### Section 10: Stability and reactivity

#### 10.1 Reactivity

Not determined

#### 10.2 Chemical Stability

Not determined

#### 10.3 Possibility of hazardous reactions

Not determined

#### 10.4 Conditions to avoid

Extreme temperatures

#### 10.5 Incompatible materials

Highly reactive chemicals which may produce unknown reaction products and so cause additional hazards.

#### 10.6 Hazardous decomposition products

Not determined

### Section 11: Toxicological information

#### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

##### Acute toxicity

BenzyI benzoate (Phenylmethyl benzoate) LD50(oral): 1500 mg/kg LD50(dermal): Not applicable  
CAS: 120-51-4 LC50(inhalation): Not applicable

3,4-Dimethoxybenzaldehyde LD50(oral): 2000 mg/kg LD50(dermal): Not applicable  
(Veratraldehyde) CAS: 120-14-9 LC50(inhalation): Not applicable

## CERTIFICATE OF CONFORMITY OF FRAGRANCE MIXTURES WITH IFRA STANDARDS

This Certificate assesses the conformity of a fragrance mixture with IFRA Standards and provides restrictions for use as necessary. It is based only on those materials subject to IFRA Standards for the toxicity endpoint(s) described in each Standard.

### CERTIFYING PARTY:

Essican Purelife

Unit 2A Hollow Wood Road, Dover, Kent CT17 0UB

### CERTIFICATE DELIVERED TO:

Customer:

### SCOPE OF THE CERTIFICATE:

Product: DEV-52995 MARSHMALLOW FRAGRANCE

### COMPULSORY INFORMATION:

We certify that the above mixture is in compliance with the Standards of the INTERNATIONAL FRAGRANCE ASSOCIATION (IFRA), up to and including the 51st Amendment to the IFRA Standards (published June, 2023), provided it is used in the following category(ies) at a maximum concentration level of:

| <b>IFRA Category(ies) [see Table 12 in Guidance for the use of IFRA Standards for details]</b> | <b>Level of use (%)*</b> |
|------------------------------------------------------------------------------------------------|--------------------------|
| <b>Category 1</b>                                                                              | <b>0.00</b>              |
| <b>Category 2</b>                                                                              | <b>2.33</b>              |
| <b>Category 3</b>                                                                              | <b>4.56</b>              |
| <b>Category 4</b>                                                                              | <b>41.67</b>             |
| <b>Category 5A</b>                                                                             | <b>10.67</b>             |
| <b>Category 5B</b>                                                                             | <b>4.20</b>              |

## Annex: Definition of IFRA Standard categories by product type

| Product type                                                                              | Category |
|-------------------------------------------------------------------------------------------|----------|
| Products applied to the lips                                                              | 1        |
| Products applied to the axillae                                                           | 2        |
| Products applied to the face/body using fingertips                                        | 3        |
| Products related to fine fragrance                                                        | 4        |
| Products applied to the face and body using the hands (palms), primarily leave-on:        |          |
| Body lotion products applied to the body using the hands (palms), primarily leave on      | 5A       |
| Face moisturizer products applied to the face using the hands (palms), primarily leave on | 5B       |
| Hand cream products applied to the hands using the hands (palms), primarily leave on      | 5C       |
| Baby creams, baby oils and baby talc                                                      | 5D       |
| Products with oral and lip exposure                                                       | 6        |
| Products applied to the hair with some hand contact:                                      |          |
| Rinse-off products applied to the hair with some hand contact                             | 7A       |
| Leave-on products applied to the hair with some hand contact                              | 7B       |
| Products with significant anogenital exposure                                             | 8        |

Annex: Definition of IFRA Standard categories by product type - continued

| Product type                                                                                                                  | Category |
|-------------------------------------------------------------------------------------------------------------------------------|----------|
| Products with body and hand exposure, primarily rinse off                                                                     | 9        |
| Household care products with mostly hand contact:                                                                             |          |
| Household care excluding aerosol products (excluding aerosol/spray products)                                                  | 10A      |
| Household aerosol/spray products                                                                                              | 10B      |
| Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate:                           |          |
| Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate without UV exposure        | 11A      |
| Products with intended skin contact but minimal transfer of fragrance to skin from inert substrate with potential UV exposure | 11B      |
| Products not intended for direct skin contact, minimal or insignificant transfer to skin                                      | 12       |

## Allergen Analysis

**Product:** DEV-52995 MARSHMALLOW FRAGRANCE

| Ingredient                                           | CAS number(s):                                                              | Concentration present as a percentage (%) or "A" for absent |
